

**21—45.30(206) Restricted use pesticides classified.** Pesticide products containing active ingredients classified as restricted use are limited to use by or under the direct supervision of a certified applicator. The pesticide use classification as promulgated by the United States Environmental Protection Agency in 40 CFR, Section 162.31, revised as of July 1, 1983, is hereby adopted in its entirety by this reference.

This rule is intended to implement Iowa Code section 206.20.
